

Bush Seyferth PLLC will be following the CDC recommendations and State of Michigan Emergency Orders for Safeguards to reduce the risk of the spread of COVID-19. These requirements will apply to everyone on the premises, including visitors.

Fully vaccinated visitors (two weeks removed from last vaccine dose) do not need to wear a mask in shared spaces. If you are not vaccinated or do not want to disclose this information, face masks or other nose/mouth coverings are required.

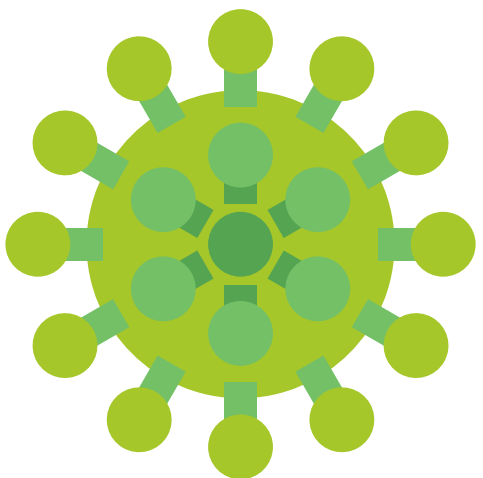

The lobby hand sanitizer must be used by anyone entering the office, and each time they enter.

Keep minimum 6-foot distance between people; signage and floor marking are displayed.

Avoid personal contact such as hand-shaking and other contact greetings.

If exhibiting any symptoms associated with COVID-19, that person will NOT be allowed to enter office.

We ask that all visitors practice good hygiene including thorough hand washing and/or hand sanitizing during your time at BSP.

We look forward to welcoming you back into our office.
