

Helping Clients Navigate

The Fine Line Between Success and Failure

COMPLEX COMMERCIAL & BUSINESS LITIGATION OVERVIEW

The complex commercial and business litigation team at Bush Seyferth PLLC (BSP Law) understands that no two business disputes are the same. We work with our clients to set in motion carefully tailored strategies aimed at meeting the specific needs of each case. Meanwhile, we also work to manage the process of litigation so as to reduce the cost, uncertainty, and distraction it causes, and help our clients make better-informed decisions along the way. At the end of the day, business disputes are business problems; and we deliver solutions, not just fights.

Our team is experienced in handling a wide variety of business disputes, in forums ranging from federal and state courts nationwide to public and private arbitration. We routinely represent clients in matters involving the following:

- Automotive Supply-chain Litigation
- Business Torts / Fraud
- Automotive Dealership Litigation
- Insurance Coverage
- Contracts / UCC
- Broker-Dealer Issues
- Construction and Leasing
- Unfair Competition / Trade Secrets
- Mergers and Acquisitions
- Intellectual Property
- Consumer Protection / Warranty
- Employee Mobility

SELECTED CASE STUDIES

- **Automotive Supply Chain:** Represented OEMs in numerous negotiations, litigated matters, and mediations involving suppliers' threatened or actual shutdowns of OEM production lines in response to disputes over price-increase requests or other contract claims.
- **Recall/Warranty Cost Recovery and Indemnity:** Successfully represented automobile OEMs in negotiations and litigation in numerous matters to recover multimillions of dollars for recall and warranty costs or indemnity due to supplier delivery of nonconforming goods that resulted in claims against the OEM.
- **Automotive Finance:** Obtained complete defense trial verdict for automotive finance company to conclude multi-year litigation involving, among other things, allegations that the finance company overcharged borrowers.
- **Insurance Coverage:** Represented OEM in suit against insurer asserting contractual and statutory claims. BSP developed a complex legal theory that survived an aggressive motion to dismiss, which enabled the OEM to settle the matter favorably for an 8-figure recovery.
- **M&A / Intellectual Property:** Represented a prosthetics and medical equipment company in a multi-million dollar trademark and post-closing adjustment action arising out of the divestiture of a line of business. Our measured approach to discovery and early mediation resulted in a favorable settlement that minimized overall litigation expenses.
- **Contract / Kickbacks:** Represented an engineering firm in a seven-figure contract dispute brought by a vendor alleging unjustified non-payment. We asserted numerous counterclaims and third-party claims, and eventually established that payment had been withheld to offset an extended scheme of overcharges and kickbacks by the vendor. The net result after settlement was an overall recovery in favor of our client, the defendant.
- **Corporate Governance / Embezzlement:** Represented the CEO of a health-services company as plaintiff in a federal lawsuit for fraud, embezzlement, and breach of fiduciary duty. Through an aggressive non-party discovery strategy, we uncovered extensive evidence to support the claims and were able to achieve a \$2 million settlement.
- **Contract / Business Torts:** In a complex dispute among owners of a reinsurance brokerage involving millions of dollars and numerous claims, including misappropriation of trade secrets, breach of contract, unfair trade practices, shareholder oppression, fraud, and business defamation, we successfully negotiated an early, creative resolution over a multi-day mediation that allowed the client to avoid extensive litigation costs and maintain a thriving business.
- **Facility Engineering-Design and Construction Defects:** Represented OEM in connection with claim against engineering company for faulty design and construction of portion of test-track facility. Obtained favorable settlement following in-depth presuit of construction design and contract documents.
